

County B French Island | Clinton Street to Lakeshore Drive Roadway Reconstruction | La Crosse County

Public Involvement Meeting No. 1 I.D. 5347-00-00

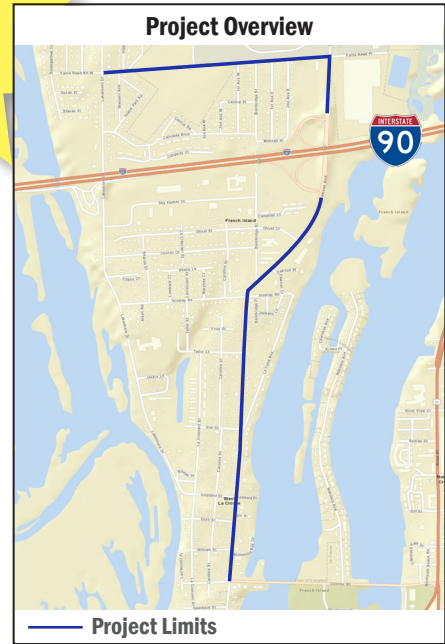

La Crosse County is continuing the study of the County B, French Island roadway reconstruction project from Clinton Street to Lakeshore Drive. Under current guidance prohibiting public gatherings and in the interest of public health, **the meeting will be held via Zoom on Wednesday, January 27, 2021, with a presentation starting at 5:30 pm that will allow participants to submit questions on-line during the meeting. If you would like to register for the meeting please email a request to MaryBeth.Pettit@graef-usa.com prior to the meeting date and she will send you the meeting information.** You may also submit questions ahead of time to her attention and they will be addressed during the presentation.

We encourage you to visit the project website (<http://www.lacrossecountyb.com>) to review project progress. Project displays will be available for viewing on the website and at the Campbell Town Hall — 2219 Bainbridge Street — between January 25th and March 5th, 2021.

Purpose and Need: County B is experiencing a decrease in ride quality and an increase in pavement distresses. Due to the poor pavement condition, La Crosse County is proposing to reconstruct this section of roadway.

Study Alternatives: The project team is studying alternatives that will meet the purpose and need of the project.

Study alternatives include various configurations with regards to parking, bicycle, and pedestrian accommodations for the reconstruction of the roadway. Design is being completed in such a way to minimize additional right-of-way needed outside of the existing 66' County right-of-way. Information gathered through the public involvement process will be shared with the Town.

Public Involvement Schedule	2020				2021				2022				TBD	
Public Involvement Mtg #1						January 2021								
Public Involvement Mtg #2							April 2021							
Public Involvement Mtg #3
